Description

Contour Removable SAV is set to revolutionise the transit industry's shift to PVC-free films. Engineered with cutting-edge polymer technology, Contour delivers the flexibility and performance of traditional PVC, seamlessly conforming to curves, rivets, and mullions. Designed for exceptional print quality, it is particularly well-suited for outdoor transit signage. At the end of its lifecycle, both Contour SAV and its liner can be fully upcycled through the Visionary Green program—ensuring a sustainable solution that keeps waste out of landfills.
