Pform

self adhesive vinyls + laminates

PRODUCT DATA SHEET

Ultra

Applications

Description

Pform Ultra is a high-performance perforated window film designed for long-term window graphics and branding for up to 5 years. Manufactured using a 180-micron polymeric film for enhanced durability and dimensional stability, it delivers excellent print performance while maintaining clear visibility from the inside looking out. Available in 20%, 40% and 50% perforation patterns.

Features & Benefits

- Premium 5-year polymeric film — extended durability for
- demanding, long-term window graphics.
- 180-micron construction — makes installation and removal easier.
- Excellent dimensional stability — helps minimise shrinkage and
- maintain a professional finish over time.
- Excellent print quality — delivers vibrant graphics with strong
- visual impact.
- Available in 20%, 40% and 50% openness — choose the
- balance of graphic coverage and outward visibility.
- UV, solvent and latex compatible — suitable for printing across all
