

PP NON-SLIP FLOOR LAMINATE (R11)

Features

Certifications

Description

Pform PP Non-slip Floor Laminate, combined with Pform PP Removable SAV, creates a high-performance floor decal kit that is fully recyclable at end-of-life through the Visionary Green program. With a robust 180-micron polyester construction and R11 non-slip certification, this laminate not only provides exceptional durability and print protection but also ensures pedestrian safety. Best of all, it never needs to end up in landfill—supporting a circular, sustainable future.

Features & Benefits

- 180 micron thick
- Outstanding durability
- R11 non-slip certification
- PVC Free
- 100% recyclable via Visionary Green Program

Applications

- Floor Decals for indoor hard surfaces only

Durability

1 year

Australia's first comprehensive recycling program designed to combat printed self-adhesive vinyl waste. Click here for more information <https://www.visionarydigital.com.au/visionary-green>

Warranty

Pform products are warranted to be free of defects in material and manufacture at the time of shipment and to meet the specifications stated in the technical specification sheets. We will replace or refund the price of any Pform materials found to not meet our product specifications. In no case shall Pform or Visionary Digital be liable for any direct, indirect, or consequential damages, including labor or non Pform materials charges. The determination of suitability of this product for any specific use is solely the responsibility of the user. No representations, guarantees or warranties of any kind are made to the accuracy of suitability for specific applications.
