Pform
self adhesive vinyls + laminates

PRODUCT DATA SHEET

Low Tack 170 SAV

Applications

Retail

Building Facades

Description

Pform Low Tack 170 SAV is an extra-thick 170-micron self-adhesive vinyl designed for easy application and removal for short-term campaigns on smooth surfaces such as glass. Its clear adhesive leaves a white reverse side, ideal for window decals viewed from both sides. The thicker film handles like a laminated print, making installation faster and easier while eliminating the cost and labour of lamination. Delivers vibrant print performance across UV, Latex and Solvent technologies.

Features & Benefits

- Extra-thick 170-micron film – Handles like a laminated print for faster, easier installation.
- No lamination required – Saves on material costs and production time.
- High opacity – Prevents show-through at overlap joins for a consistent finish.
- Low tack adhesive – Easy application and removal for short-term campaigns.
- Clear adhesive, white reverse – Ideal for window decals where the back is visible.
- Versatile print compatibility – Vibrant results with UV, Latex and Solvent inks.

Technical Information

Adhesive Colour: Grey
Adhesive Type: Low Tack
Liner: Double PE liner
Graphic Colour: White
Film Finish: Matte
Material type: Monomeric PVC
Thickness: 170 micron
